

LIGHTING ADVENTURE

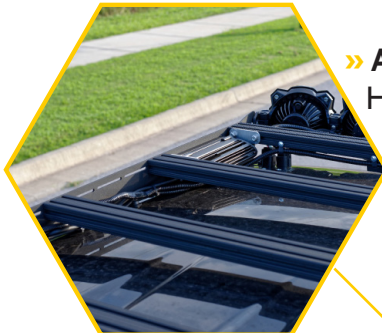

SINCE 1970

OVERVIEW KC M-RACKS uses a lightweight all aluminum construction, featuring precision 3D laser cut side rails that contour to your vehicle's roofline. Our modular design features horizontal cross bars with track mounts for endless cargo configurations and easy integration of our signature KC LED Lights.

For Vehicle Specific Details and Specs:

FEATURES:

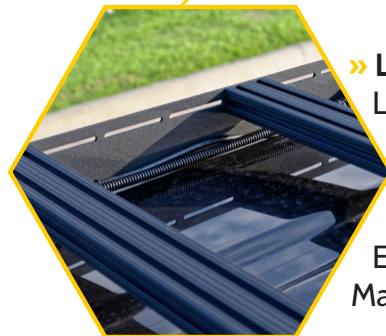

» **ACCESSORIZE:** Extruded Horizontal Cross Bars with Hardware Track mounts for endless cargo carrying and mounting options

» **LED AREA LIGHTING:** Integrated side mounted 10" C-Series LED Area flood lights deliver tremendous peripheral illumination around your vehicle

» **OVERHEAD LIGHTING:** Seamless front mounted LED Light Bar integration, optimized for easy install and low wind noise. Choose from KC Gravity LED Pro6, C-Series LED, or your preferred light bar brand for a fuss free overhead lighting solution

» **LIGHTWEIGHT:** Lightweight All-Aluminum Construction. Designed, Engineered and Made in the USA

» **LOW PROFILE CONTOUR:** Vehicle Specific Low Profile Contoured Design
