3000K RECHARGEABLE FLASHLIGHT

SET-UP

Power Lock
Prevents accidental
Power ON
and battery drain

**POWER LOCK IS ON AT TIME OF
PURCHASE.**

TURN OFF by holding power button
for three seconds.

MUST BE FULLY CHARGED BEFORE THE FIRST USE.

OPERATION

Note: Cable for charging other devices and phone not included

⚠ SAFETY INFORMATION

- These flashlights project a very bright beam of light and can cause eye damage to the user or others. Avoid shining the flashlight directly into anyone's eyes.
- **THESE FLASHLIGHTS ARE NOT TOYS** – not recommended for use by children without adult supervision.
- **KEEP AWAY FROM CHILDREN.**
- Battery acid leakage can cause personal injury and cause damage to the product and surrounding property. If there is battery leakage, immediately wash any clothing or other surface that comes in contact with leaked battery acid. If a chemical burn occurs or if irritation persists, seek medical attention. Dispose according to Local, State, or Federal regulations.
- Batteries are to be inserted following the polarity markings on the product.
- NEVER mix alkaline, standard (carbon-zinc), rechargeable (nickel-cadmium) batteries with this product.
- Do not mix old and new batteries.
- Do not dispose of batteries in fire. Battery may explode or leak.
- Promptly remove exhausted batteries from product. Remove batteries before extended storage.
- Non-rechargeable batteries are not to be recharged.
- This unit contains a rechargeable battery. Although this product arrives partially charged from the factory, **MUST BE FULLY CHARGED BEFORE THE FIRST USE.**
- Do not disassemble the housing. There are no internal serviceable parts.

WARNING: High lumen light beam produces heat. Do not cover flashlight lens or put anything within a half meter of the front of the flashlight lens.

Heat Safety Lock

Auto-off when flashlight lens is covered with some materials.

Heat Safety Lock DOES NOT WORK on some materials and under certain conditions.

Do not cover lens, set flashlight down, or place lens against any surface.

NOTE

WARNING: Changes or modifications not approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC STATEMENT OF COMPLIANCE

Note: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

CAN ICES-005 (B) / NMB-005 (B). This Class B digital apparatus complies with Canadian ICES-005.

KC HILITES™

WARNING: Intense light beam. Do NOT stare directly into light.

CAUTION: The lens of the device may become hot while in use. Do not cover or touch the lens. Do not operate while unattended. Do not place it on any surface.

CAUTION: Possible hazardous optical radiation emitted from this product. The luminaire should be positioned to prevent prolonged staring into it at a distance closer than 1.5 m / 4.9 ft.
